

Specific objectives of the project are as following:

- Learning from each other's experience and engaging in a real dialogue with employers by developing the model in close collaboration with local enterprises;
- Study and job orientation counseling provided by teachers can play an important role in motivating students to complete their education;
- What is more important, participants will be able to dispel their doubts and deepen their knowledge in direct contact with entrepreneurs and their potential employers.
- Activation of young people who are from rural areas and who are from different ethnic minorities.

Main project objectives

1. Creating a synergy between schools and the world of work
2. Involving the labour market in supporting students' motivation to stay at school and fostering their entrepreneurial spirit

1. Administrative meeting and exchange of experience
2. Short term joint staff training
3. Blended mobility for students and staff

We met our contributors and we started our activities

In that day we went to an apiary

Later, all students were awarded for their work and their participation in Erasmus+

A visit to an agricultural farm from Trestiana

A visit to an agronomic university and a botanical garden.
